Commentaar

- $\bullet~100_40$ eerste deel feiloos in in aalborg
- 200-40 gaat niet goed om met de stuck methode.
- $\bullet~80_65_50_35~V2$ gaat niet goed om met de stuck methode, waarschijnlijk heel snel maar komt in stuck loop
- \bullet 44_33_33_22 V1 gaat niet goed om met de stuck methode, ramt soms random de muur
- $\bullet~80_65_50_35~V2$ ramt vaak de muur in Aalborg maar nooit in alpine1
